

Instruction for the Hydro One - Fire Safety Training:

- 1 Click on the Fire Training Assessment and print it as you will have to complete it and send it to the Union hall.
- 2 Click on the Hydro One - Fire Safety Program and go through each module until you reach the Fire Training Assessment.
- 3 Complete the Fire Training Assessment on the Hydro One Fire Safety Program while at the same time filling out the printed copy of the Fire Training Assessment.
- 4 You must answer 20 out of 25 questions correctly to pass the course. You will be given an opportunity to take the assessment three times.
You must answer all of the questions in the assessment for an attempt to count.
- 5 Upon completion of the Hydro One Fire Safety Program assessment it will grade your score, right click on your computer's mouse and click print.
- 6 Send the printed copy of your grade, along with the completed printed copy of the Fire Training Assessment to the Union Hall for verification and our records.
- 7 Once we have verified your assessment we will send you a record of training card.
- 8 You can send the copies to us via fax or scan it and send by email or regular mail.
